

40W 4-Panels Folding Solar Charger

Model No: MS-SC40W04

Product Features:

- 1.Using high-performance silicone solar panels. High conversion rate, long service life.
 - 2.Easy to operate. Put the solar panel under the sunlight directly, then plug into socket, the light of charger's power indicator will show charging status.
 - 3.Easy to carry. Folding design applied in the product.
- For notebook / mobile phone / digital cameras and other electronic products use.

Specifications:

- 1) Solar panel: 4pcs 10W 9V waterproof monocrystalline panel; UV resistant PET surface; anti-ageing, anti-scratching
- 2) Panel efficiency: 18% ~ 19%
- 3) Panel input: 18V, Short circuit current 2.22A
- 4) Output: 5V2A / 12.6V1A / 18V2.22A
- 5) Shell material: Waterproof PVC Fabric
- 6) Unfold Size: 1076*367*20mm;
- 7) Folded size: 367*273*35mm
- 8) Product Net weight: 1.920kg
- 9) Color: Black / camouflage / OEM
- 10) Range of application: mobile phone, tablet, and all 5V USB charged devices; 12V charged devices; 18V small solar system, solar bulb and to charge powered off laptops
